HESSEN

Useful and valuable information

Germany has a very well organised welfare system, offering workers protection against the greatest risks encountered during their stay in Germany, such as accidents at work and redundancy. Once you have found a job in Germany, you should therefore find out about the insurance and tax system.

You are bound to have lots of other questions, such as how to find a flat, what to look out for in a rental agreement and where to learn German. The following sections will provide you with useful information on entry requirements and residence regulations, employment for your partner, flat searches, taxes, social security, crèches, nurseries and lots more…
